KILLS HIMSELF

Disheartened by Loss of Work sitting in the Lee Avenue Police Court, and Long Series of Misfor-End to His Life.

Illness, lack of work and notice from his landjord to move at once were the causes that led John Corcoran, thirtyfive years old, to commit suicide by earbolic acid to-day. He lived at No. 559 East One Hundred and Thirty-sixth

Corcoran was a clerk in a down-town dry goods store and lived with his wife and six children, the oldest a boy of ten and the youngest a babe in arms, in the little flat at the address given. He bore an excellent reputation, was steady, sober and industrious, but he was unfortunate in the fact that iliness seemed to fasten upon his family.

His wife and then the children, one after another, became ill, and it took all his earnings for doctors' bills and medicine. Three weeks ago he became ill himself and lost his position because of his absence from the store.

Too Weak to Shovel Snow.

He took the notice coolly, and walked his weakened condition tramped about the streets looking for another job as soon as he was able to walk. He could find none at all. Yesterday he got a job shovelling snow, but the foreman of the gang saw in two hours that he was too weak to do the work and let him go. On his return home he was told by his

wife, who is still weak and ill, that the landlord had been there and had threatened that if the rent was not paid by 6 o'clock he would dispossess them. Corcoran went out again in search of

work, and on his return at midnight found the dispossess notice nailed to the door. He had threatened at 6 o'clock to kill himself if disposeessed

Drains Bottle Before Wife.

He tok the notice coolly, and walked into the house without a word. His wife was frightened, and begged him

to do nothing rash, but he only laughed. He walked from the kitchen to his He walked from the kitchen to his room, and his wife followed. She arrived just as he was lifting a vial of carbolic acid to his lips. She screamed, and ran forward to grab the bottle, but he pushed her away and before her eyes drained the vial to the last drop. Her screams awakened all the tenants in the building, and one of them ran for a policeman. The officer summoned an ambulance from Lincoln Hospital, and Dr. Lee, on his arrival, pronounced Corcoran dead.

Pride Causes Suicide.

Corcotan had one brother, a captain of Hook and Ladder Company No. 25. Another is foreman in the Highway Department and a third works for the same department. When these wore notified of his death they went at once to the widow's aid. She and the six children will be taken care of. None of Corcoran's brothers knew of his ill plight.

Mrs. Corcoran also has four brothers.

all of whom are employed in good positions. She will be well taken care of.

for perjury, Magistrate Higginbotham, sitting in the Lee Avenue Police Court, said to-day:

"I am getting tired of listening to perjured testimony and this thing must stop. It seems that few who come into this court appreciate the value of an oath."

Glick and Goldberg were witnesses in the case of Mrs. Kate Smookler versus Solomon Botnosky, of No. 48 Bartlett stages. She said Botnosky poisoned her horse, and both the witnesses testified that they had seen him do R.

The detectives say that both men identified another man as Botnosky when first examined. They were held in \$300 bail.

For Ten Dollars Cash And \$6, \$7 or 88 a Month This Is the WANAMAKER Pre-Christmas Piano Offer :. THE almost universal policy of piano dealers offering little-payment terms on low-grade pianos, while holding to large requirements on highgrade instruments, has tended to force the selling of cheap pianos, out of all proportion to the mere relation of the prices of the pianos. It has been our constant endeavor, since embarking in the piano business, to stimulate the larger possession of pianos of the first class. In this effort the first problem is to meet the convenience of the people who have the desire for such a piano and who will undertake to pay for it on terms which they feel that they may safely assume. We have therefore decided to offer UNTIL CHRISTMAS the following makes of high-grade instruments on these extraordinary terms: Chickering Quarter Grand Planos for \$20 Cash and \$12 a Month Chickering Upright Planos for \$13 Cash and \$10 a Month Emerson Upright Planos for \$10 Cash and \$7 a Month Merrill Upright Pianos for\$10 Cash and \$7 a Month Frederick Doll Upright Pianos for \$10 Cash and \$6 a Month Then, for those who have no one to play the piano by hand, and yet who would like to have a thoroughly musical home-and provide for it before Christmas Day-here is the additional offer, which brings the splendid possibility within Any UPRIGHT PIANO Together With an ANGELUS For \$15 Cash, and \$12 a Month

And this means that you may select from any of the regular style Uprights of Chickering,
Vose, I merson, Merrill, Kurismann, Gramer, Campbell or Doll.

Or you may choose the possess of the possess of the possess of the posses of the possess of the posses of the posses of the possess Or you may choose the most superb combination of this holiday season-A CHICKERING QUARTER GRAND & AN-GELUS, Together, For \$25 Cash and \$20 a Month We also make a SPECIAL DISCOUNT of \$25, when the two instruments are bought in combination. We'll take your old plane, if you have one, in part payment, also.

This provides the opportunity to make your family a CHRISTMAS PRESENT of a high-grade instrument, for a most insignificant payment from your Christmas money, and a very small This offer is for these lew days only, and if it is taken advantage o', we are prepared to place the instrument in your house BEFORE CHRISTMAS. It really means BITYING these superblustruments for little more than the usual cost of rental. And the money paid would probably be frittered away or specifier things that possess not a tithe of the constant and permanent value of a piano, and the ability to play it for your own enjoyment, and the entertainment of your family and friends.
